MEMORANDUM

TO: AAA Executive Directors
FROM: Terry White
Secretary
DATE: August 5, 2003
SUBJECT: Notice of Instruction: Revised CCE Prioritization Requirements

The purpose of this memorandum is to inform you of the revised prioritization requirement contained in Section IV.B.4. of the 2003-2004 Community Care for the Elderly contract. Senate Bill 642, enacted July 1, 2003, added a secondary prioritization factor for low-income elders. If two individuals are assessed as the same priority and at risk of nursing home placement, priority should be given to the individual with the lesser ability to pay for services.

Please ensure your staff and service providers are aware of this revision. If you have any questions, please contact your OMC Manager.
