DOEA has been given specific statutory authority under federal law, state law, and the Florida Administrative Code to operate its programs. The specific authority citations are identified in each of the succeeding chapters and appendices in this Handbook.

BACKGROUND SCREENING:

- A.** Section 430.0402 (1) (a), F.S. requires Level 2 background screening for all direct service providers who are not exempt from background screening pursuant to Section 430.0402(2), F.S. Level 2 background screening includes fingerprinting for statewide criminal history records checks through the Department of Law Enforcement and national criminal history record checks through the Federal Bureau of Investigation, and may include local criminal records checks through local law enforcement agencies.
- B.** **DOEA** has specific statutory authority under state law to require Level 2 background screening of all direct service providers. Instructions for completing background screening through the Care Provider Background Screening Clearinghouse are provided in Appendix E.
- C.** **Exceptions** to Level 2 Background Screening by the Department include the following:
1. A licensed physician, nurse, or other professional licensed by DOH who has been fingerprinted and undergone background screening as part of their licensure, if they are providing a service that is within the scope of their licensed practice. Verification of licensure status is available on the DOH website, located at <http://ww2.doh.state.fl.us/IRM00PRAES/PRASLIST.ASP>.
 2. Attorneys in good standing with the Florida Bar, if they are providing a service within the scope of their licensed practice. Determinations of good standing with the Florida Bar can be made by entering the attorney's name in the "Find a Lawyer" tab on the Florida Bar's website located at <http://www.floridabar.org/>.
 3. An individual who is the father, mother, stepfather, stepmother, son, daughter, brother, sister, grandmother, grandfather, great-grandmother, great-grandfather, grandson, granddaughter, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepson, stepdaughter, stepbrother, stepsister, half-brother, or half-sister of the client being served.

General Information

Background Screening

a. The service provider is required to verify that the volunteer is not listed in either database. The FDLE Career Offender Search Database is available at: <http://www.fdle.state.fl.us/coflyer/>. The Dru Sjodin National Sex Offender Public Website is available at: <http://www.nsopr.gov/en>.

b. If the individual's name appears in either database, the individual is not eligible for an exception to Level 2 screening.

D. Exclusion from Employment:

1. An employer (service provider) may not hire, select, or otherwise allow an employee who requires background screening to have contact with any client until the screening process is completed and demonstrates the absence of any grounds for the denial or termination of employment.
2. For training and orientation purposes only, an employer may hire an employee to a position that requires background screening before the employee completes the screening process. However, the employee may not have direct contact with clients until the screening process is completed and the employee demonstrates that he or she exhibits no behaviors that warrant the denial or termination of employment.
3. Any employee who refuses to cooperate with the background screening process or refuses to submit the information necessary to complete the screening must be disqualified for employment for such position, or if employed, must be dismissed.
4. If the screening process shows any grounds for the denial or termination of employment, the employer may not hire, select, or otherwise allow the employee to have contact with any client, unless the employee is granted an exemption from disqualification by the Department. (It is the responsibility of the affected employee to contest his or her disqualification or to request an exemption from disqualification.)
 - a. If an employer becomes aware that an employee has been arrested for a disqualifying offense, the employer must remove the employee from contact with any client until the arrest has been resolved in such a way that the employer determines the employee is still eligible for employment.

Advisory councils exist at DOEA, each AAA and nutrition providers. Supportive services providers are not required to have advisory councils; however, providers are required to have some mechanism for receiving participant feedback.  - c. There are also several other related disorders, which mimic Alzheimer's disease.
 - d. Memory loss, to the extent experienced by AD clients, is not a natural part of the aging process, as was popularly believed in the past.
 - e. There is no treatment available to stop or reverse the mental deterioration characteristic of AD.
 - f. An absolute diagnosis can only be made upon examination of brain tissue, usually at autopsy.
 9. **Alzheimer's Disease Initiative (ADI):** A state general revenue funded program for providing the following: respite care, model day care, memory disorder clinic services and a brain bank.
 10. **Area Agency on Aging (AAA):**

The program explores all available options to nursing home placement and recommends, and may facilitate, alternative placements for individuals who are determined able to remain in the community. 33. **Dementia:**
- a. The loss of cognitive functions (such as thinking, remembering, and reasoning) of sufficient severity to interfere with an individual's daily functioning.
 - b. Dementia is not a disease. It is a group of symptoms which may accompany certain diseases or conditions. Symptoms may also include changes in personality, mood, and behavior.

-
39. **Direct Costs:** Expenses that can be easily associated with a project, service or other direct program activity. For example, an expense for purchasing and delivering meals (e.g. salaries and fringe benefits, travel, supplies) is a direct cost of that service; wages for an individual who performs homemaker and chore can be directly allocated to these services proportionate to time spent in each service. Expenses must be consistently treated as either a direct or indirect cost in like circumstances. For example, administrative costs cannot be allocated directly to some programs but allocated indirectly to others.

The term includes coordinators, managers, and supervisors of residential facilities and volunteers.
41. **Disallowed Costs:** A charge to a grant that the awarding agency determines to be unallowable, in accordance with the applicable cost principles or other terms and conditions contained in the award. The Department will not pay for these expenditures and the disallowed expenditure becomes the responsibility of the recipient or subrecipient and must be paid for with non-state/federal resources.
42. **Elder Helpline Information and Referral Service:** An access service for individuals and community agencies seeking unbiased information about local, state, or federal social and human services, resources, and opportunities for older adults and persons with disabilities.
43. **Emergency Home Energy Assistance for the Elderly Program (EHEAP):** A program that assists low-income households experiencing a home energy emergency provided the household includes at least one person, age 60 or older.  - c. Research results published in a peer-review journal; *and*
 - d. Fully translated** in one or more community site(s); *and*
 - e. Includes developed dissemination products that are available to the public.

**Experimental designs use random assignment and a control group. Quasi-experimental designs do not use random assignment. **For purposes of the Title III-D definitions, being "fully translated in one or more community sites" means that the evidence-based program in question has been carried out at the community level (with fidelity to the published research) at least once before. Sites should only consider programs that have been shown to be effective within a real-world community setting.*

- 46. Exploitation:** "Exploitation" means, but is not limited to, the following:
- a. Improper or illegal use or management of a vulnerable adult's funds, assets, or property with the intent to temporarily or permanently deprive the person of the use, benefit, or possession of the funds, assets, or property for the benefit of someone other than the vulnerable adult; or

Federal flow-through funds gain the identity of federal funds upon receipt of an award to the state and federal rules apply to the receipt, spending, and accounting of the funds unless expressly exempted by the federal agency initially making the award.

INTRODUCTION:

- A. Legislation:** The Department of Elder Affairs is the agency constitutionally designated by Florida voters to “serve as the primary state agency responsible for administering human services programs for the elderly.” (Section 430.03, Florida Statutes). The Department is Florida’s State Unit on Aging and, as such, receives federal Older Americans Act funds to provide opportunities and supports for older persons to live independent, meaningful, productive lives in their communities.
- B. Mission:** The Department's mission is to help Florida’s elders remain healthy, safe, and independent.
- C. Responsibilities:** The Department is responsible for preparing the Florida State Plan on Aging (Section 307, Older Americans Act of 1965 as amended) and the Long-Range Program Plan (Chapter 216, Florida Statutes).

STATE PLAN ON AGING:

- A. Purpose:** The state plan on aging, published at two-year, three-year or four-year intervals, is necessary for the Department to remain eligible to participate in grants to the states from allotments under the Older Americans Act of 1965 (as amended), and to comply with its statutory mandates provided under Chapter 430, Florida Statutes, and the Older Americans Act of 1965 (as amended).
- B. Plan Contents:** The state plan on aging includes the following:
- 1. General Descriptions:**
 - a. Conditions of older Floridians;
 - b. Current service system;
 - c. Department goals and objectives under the plan; and
 - d. Department priority initiatives to be pursued to achieve its goals and objectives.
 - 2. Fund Allocations:** A formula for the intrastate allocation of anticipated Older Americans Act Title III funds.
 - 3. Assurances:** All the general and specific operational assurances required by law and regulation.

Public Input in the Planning Process

PUBLIC INPUT IN THE PLANNING PROCESS:

To achieve its legislatively mandated purposes, the Department will “hold public meetings regularly throughout the state for purposes of receiving information and maximizing the visibility of important issues.” [Section 430.04(13), Florida Statutes]

- A. Philosophy:** DOEA’s philosophical basis of all planning efforts is that agency plans should be:
1. Driven by issues developed at the local level;
 2. Practical and understandable to constituents; and
 3. Focused on addressing needs of elders.
- B. Practicality:** The Department’s system for collecting public input utilizes and builds upon, rather than supplants, existing local planning activities. At the same time, recognizing the fiscal constraints on the state, the Department uses any of the following methods to gather public input: scheduled constituent gatherings; surveys; focus groups; or meetings with public officials, advocates, service providers, and other organizations that represent the interest of Florida’s elders.
- C. DOEA Foundation Principle:** Local communities and the people served should have a major impact on the Department's direction.
1. **Florida Law:** In the section of Florida law creating the Department, several mechanisms were developed to ensure that the Department's multiple constituencies have a major role in the Department's planning and functioning.
 2. **Stakeholders:** The law identifies the Department's stakeholders and includes any person, group, association, private or public entity or governmental body directly or indirectly affected by the activities of the Department.
 3. **AAAs:** Directors of the AAAs are key informants in all the Department's planning efforts.

STRATEGY FOR GATHERING PUBLIC INPUT:

- A. Input Process:** The Department developed its public input process to use and build upon the existing mechanisms listed in B below. The purpose of the public input process is to provide:
1. Direction in the development of its plans;
 2. Evaluation of current plans; and
 3. Feedback on Department staff strategies to meet unmet needs.
- B. DOEA Plan Creation/Revision:** For the creation and revision of the Department's plans, staff collates information gained from sources, such as the following:
1. Public meetings and/or hearings;
 2. Key informants;
 3. Focus groups on aging issues;
 4. Meetings with AAA directors and planning staff;
 5. Survey responses and other data sources; and
 6. Other meetings and hearings.
- C. Priority Issues:** Staff of the Department uses this information to formulate draft priority issues.
- D. State Plan:** After Department staff develops the draft state plan, input from AAAs and other stakeholders is incorporated into the document.

Area Agencies on Aging

AREA AGENCIES ON AGING (AAA):

- A. AAAs:** Eleven (11) AAAs administer a substantial portion of Florida's programs for elders.
- B. OAA Authority:** Sections 305(a)(1)(E) and (a)(2)(A) of the Older Americans Act (OAA) specify that a single agency will be designated in each PSA to locally plan and administer OAA programs.
- C. Board of Directors:** A board of directors governs each AAA.
- D. Advisory Council:** Each AAA has an advisory council to advise the AAA on matters relating to the development and coordination of services for older persons. At least fifty percent of the advisory council's membership must be 60 years of age or older.

AREA PLANS:

A. Federal Requirements:

1. Federal regulations at 45 CFR 1321.53 require that each AAA, as part of its mission and under the leadership and direction of DOEA, proactively perform planning, monitoring and evaluation relating to programs for older persons.
2. OAA Section 306(a) requires AAAs to prepare and develop an area plan for a two, three or four-year period determined by the State Agency and based upon a uniform format for area plans within the state.

B. Specific Services: Area plans shall describe in detail the specific services to be provided in serving the PSA's older population.

C. Plan Development: The area plan is developed based on an assessment of an area's need, and incorporates public input obtained through public hearing and information solicited from elders, their caregivers, and service providers.

D. AAA Goals/Objectives/Strategies: The area plan also outlines the goals and objectives that the AAA and its staff and volunteers plan to accomplish each year and the strategies to show how they plan to achieve those goals and objectives.

E. Performance and Outcome Measures: The area plan includes outcome and output performance measures. Goals/objectives/and strategies are associated with the relevant outcomes. Achieving the goals and objectives helps ensure successfully meeting outcome and output standards.

F. Financial Information: The area plan includes information to illustrate the distribution of funding by services, funding source, provider, and county.

Areawide Planning Responsibilities

AREAWIDE PLANNING RESPONSIBILITIES:

- A. AAA Primary Functions:** The AAA's primary functions are to:
1. Develop a comprehensive and coordinated system within the PSA for the provision of supportive and nutrition services for older persons; and
 2. Establish, maintain, or construct multipurpose senior centers, where appropriate.
- B. Planning:** The term planning refers to the process of making rational decisions affecting the future wherein:
1. **An analysis** of organizational, network, and PSA capacities and characteristics is conducted;
 2. **Needs and priorities** are established;
 3. **Goals and objectives** are defined to attend to identified needs and priorities; and
 4. **Strategies** are detailed by the agency and service system (network of service provider agencies) to achieve the defined goals and objectives.
- C. Area Plan:** Area plans are the foundation of the state plan on aging. Area plans are developed for a two, three or four-year period, as determined by the Department. They document and provide assurances as to how the AAA and the service provider network will:
1. Address the identified needs of elders within the PSA; and
 2. Maintain compliance with the rules, regulations and policy guidance governing the Older Americans Act and all other programs sponsored by the Department.

DEPARTMENT OF ELDER AFFAIRS PROGRAMS AND SERVICES HANDBOOK
**Chapter 1: DOEA Sponsored Programs: General Information, Planning Process & Aging Network,

Areawide Planning Responsibilities

D. Appropriate Planning Criteria: Proper planning is based on the following:

1. Current knowledge of the conditions of older persons.
2. Knowledge about the extent of the need for services.
3. Realistic appraisal of existing available organizational, community, and PSA resources.
4. An analysis, based on numbers 1, 2, and 3 above, to determine how best to improve the welfare of elders in the PSA.

E. Evaluation Process: To evaluate the effectiveness of the use of resources in meeting needs, the plan must explicitly incorporate a properly designed system of performance measures including outputs and outcomes. This system must include, at a minimum, a prescribed set of performance measures that the Department considers necessary for the proper administration of the statewide system of Older Americans Act providers.

The plan must include the AAA's strategies for achieving the prescribed performance measures.

- C. Identified Multi-Year Area Plan or Annual Update Deficiencies:** If there are portions of the multi-year area plan or annual update which DOEA determines to be deficient, DOEA may proceed with the multi-year area plan or annual update and contract approval by placing a condition of award in the contract language, or by requiring the AAA to correct the identified deficiencies by a specific date.
- D. Unacceptable Multi-Year Area Plan or Annual Update:** If DOEA determines the final multi-year area plan or annual update is unacceptable as submitted and is subject to disapproval, DOEA shall promptly advise the AAA of the likelihood of such disapproval. ROLES AND RESPONSIBILITIES:

- A. DOEA's Role and Responsibility:** As the pass-through entity, the Department is responsible for ensuring all federal funds it receives, including those passed through to sub-recipients and contractors, are used solely for program-related purposes.
- B. AAA's Role and Responsibilities:** As the DOEA subrecipient, the AAA is responsible for complying with all sub-award and contract agreement requirements and the applicable laws and regulations resulting from receiving federal and state funds. These responsibilities include:
1. Ensuring the AAA has a procurement, property management and financial management system that properly accounts for all program activities, equipment and expenditures.
 2. Establishing program budgets and a method for tracking actual costs against the budget.
 3. Keeping abreast of grant and program changes affecting AAA policies, procedures, and requirements.
 4. Developing and submitting an annual AAA subrecipient and subcontractor monitoring plan.

Program Level Requirements

PROGRAM LEVEL REQUIREMENTS:

- A. Allowed Activities:** Program funds can be used solely for allowable activities defined by the program requirements. Expenditures charged against state funds must be authorized by law and must meet the intent of the law. Payment for activities not required by or for the benefit of the program(s) is not allowed and must be treated as disallowed costs.

In accordance with Rule 3A-40.103, F.A.C., state funds expenditures for items listed below are prohibited unless expressly provided by law:

1. Congratulatory telegrams;
2. Flowers and/or telegraphic condolences;
3. Presentation of plaques for outstanding service;
4. Entertainment for visiting dignitaries;
5. Refreshments such as coffee and doughnuts;
6. Decorative items (globes, statues, potted plants, picture frames, etc.) and
7. Greeting cards.

Only costs that are directly attributable to specific work activities under a grant or program that are part of the normal administration of the program are allowable for reimbursement.

- B. Allowable Cost/Cost Principles:** Program funds can be used for allowable expenditures only and must be recorded in accordance with cost principles as defined by the applicable OMB Circular. To qualify for reimbursement, program costs must:
1. Be necessary and reasonable for proper and efficient program administration (and allowable under the provisions of the applicable cost principles). Reasonable considerations include the following:
 - a. The restraints or requirements imposed by such factors as sound business practices, arms-length bargaining, laws and regulations, and terms and conditions of the program;
 - b. The market price for comparable goods and services;
 - c. Whether the individuals involved acted prudently considering their responsibilities to the agency, the public at large, and the granting agency; and
 - d. Whether the costs were incurred in accordance with applicable state procurement policy.
 2. Conform to any limitations or exclusions set forth in federal or state laws, or other governing limitations as to types or amounts of cost items.
 3. Be consistent with policies, regulations, and procedures that apply uniformly to both financially assisted activities and to other activities of the entity.
 4. Treated consistently. A cost may not be assigned to a program as a direct cost if any other cost under the same or like circumstances have been charged to a program as an indirect cost.
 5. Be determined in accordance with generally accepted accounting principles (GAAP).

6. Not be allocable to or included as a cost of any other federal, state or other agency financed program in either the current or prior period.
 7. Be net of all applicable credits (program generated income).
 8. Be supported by the entity's accounting records and be adequately documented.
- C. Eligibility:** Program funds can be expended only for the benefit of persons meeting certain eligibility criteria. In addition to compliance requirements related to individual program or service recipients, eligibility also governs the following:
1. **Eligibility for group of individuals or area of service delivery:** Only eligible groups of individuals or individuals in an area of service can participate in the program.
 2. **Eligibility for subcontractors:** Department funds sub-awards can be made only to eligible providers and must be in accordance with program requirements.
- D. Equipment and Real Property Management:** Title to equipment and real property acquired by a nonfederal entity with federal funds vest with the nonfederal entity (AAA), however, requests for disposition must be approved by the Department. An inventory listing of property acquired with federal funds must be maintained with the following data elements in accordance with 2 CFR 215 (formerly OMB Circular A-110):
1. A description of the equipment;
 2. Manufacturer's serial number, model number, federal stock number, national stock number, or other identification number;
 3. Source of the equipment, including the award number;
 4. Indication whether title vests with the recipient or the federal government;
 5. Acquisition date (or date received, if the equipment was furnished by the Federal Government) and cost;

6. Information from which one can calculate the percentage of federal participation in the cost of the equipment (not applicable to equipment furnished by the federal government);
 7. Location and condition of the equipment and the date the information was reported;
 8. Unit acquisition cost; and
 9. Ultimate disposition data, including date of disposal and sales price, or the method used to determine current fair market value where a recipient compensates the federal awarding agency for its share.
- E. Matching, Level of Effort, and Earmarking:** Program funds must be spent and matched in accordance with specified program requirements. Matching level of effort, and earmarking are defined as follows:
1. **Matching or cost sharing:** Refers to the portion of project or program costs not borne by the Federal Government, including requirements to provide contributions (a specified amount or percentage to match program award). Matching may be in the form of allowable costs from third party contributions and/or cash from nonfederal sources.
 2. **Level of effort:** Refers to the portion of time spent on an activity expressed as a percentage of the total activity. Includes requirements for a specified level of service to be provided from period to period; a specified level of expenditures from nonfederal or federal sources for specified activities to be maintained from period to period; and federal funds to supplement and not supplant nonfederal funding of services.
 3. **Earmarking:** Refers to requirements that specify the minimum or maximum amount or percentage of the program's funding that may be used for specified activities, including funds provided to the subrecipient.

- F. Period of Availability of Funds:** Grant funds are awarded for a specified time, usually one year (except for some programs that have “carry forward” of funds). Federal and state regulations prohibit the use of funds from a grant award outside its specified timeframe. Unexpended surplus funds cannot be used beyond the period of availability and must be returned to the awarding agency. Under certain circumstances, if approved, unobligated balances may be carried over and charged for obligations in the subsequent period.
- G. Procurement:** The procurement requirement is established to ensure that goods and services are obtained in an effective manner and in compliance with laws and regulations, including prohibition of conflicts of interest, fair selection of vendors, and provision of open and free competition.
- H. Suspension and Debarment:** The suspension and debarment requirements prohibit nonfederal entities from contracting or making covered transactions or sub-awards to parties that are suspended or debarred, or whose principals are suspended or debarred. Covered transactions include procurement contracts for goods and services equal to or more than \$100,000. Potential reasons for suspension and debarment may include, but not be limited to, mismanagement of funds and non-compliance with laws and regulations.
- I. Program Income:** Program income is gross income received that is directly generated by the grant-funded program during the grant period. Program income does not include interest on grant funds, rebates, credit discounts, refunds, and/or proceeds of the sale of equipment or property. This type of income includes, but is not limited to, the following:
1. Fees for services performed;
 2. Rental or lease of real or personal property acquired with program funds; and
 3. Sale of commodities and program fabricated items.

J. Subrecipient Monitoring: The subrecipient monitoring requirement establishes that any nonfederal recipient of federal assistance, which passes that assistance (in whole or in part) to another recipient, is responsible for monitoring the activities of that subrecipient, as well as ensuring that they both comply with laws and regulations. Compliance includes ensuring that required audits are performed, as well as evaluating the impact of subrecipient activities and ability to comply with the law. A pass-through entity is responsible for identifying the following regarding a subrecipient:

1. CFDA/CSDA title and number;
2. Award name;
3. Name of awarding agency; and
4. Applicable compliance requirements.

Monitoring

Risk-Based Monitoring Approach

RISK-BASED MONITORING APPROACH:

- A.** A risk-based monitoring approach involves identifying areas of risk and prioritizing monitoring around those risks.
- B.** Risk Assessment Considerations: In delivering client services, risk exists at two levels – the program level and the subrecipient/subcontractor level.
- C.** Risk assessment considerations at the program level include, but are not limited to, the following:
 - 1. Program history:** Is it a new or long-established program or service? Have significant changes occurred?
 - 2. Total funding:** Does this contract represent a significant portion of the total program funding?
 - 3. Complexity:** Are program requirements simple or complex?
 - 4. Client health and safety:** How vulnerable are the clients that the program serves?
 - 5. Responsibility for key decisions:** Does the state agency, federal government, or the contractor make decisions about eligibility and amount or type of service to be provided to a client? For federal funds, is the contractor a vendor or subrecipient?
 - 6. Federal risk assessment:** Has the U.S. General Accounting Office and U.S. Office of Management and Budget identified the program as high risk?
 - 7. Payment method:** What type of payment method is used (e.g., cost reimbursement, unit rate, performance-based)? What experience does the Department have with the method?
 - 8. Competition:** Are contracts awarded on a competitive basis, which includes detailed evaluations of the service proposal, costs and contractor qualifications, or are they awarded on an entitlement, sole source or noncompetitive basis?

DEPARTMENT OF ELDER AFFAIRS PROGRAMS AND SERVICES HANDBOOK
Chapter 1: DOEA Sponsored Programs: General Information, Planning Process & Aging Network, Monitoring, and Program Reporting Requirements

Monitoring

Risk-Based Monitoring Approach

-
9. **Monitoring methods:** Are the existing methods of monitoring effective for this program? Do these monitoring methods effectively mitigate the other types of possible risks?
 10. **Client choice:** Is the client able to choose or select the service provider as required by some federal programs?
- D. Risk assessment considerations at the client service subrecipient / contractor level include, but are not limited to, the following:**
1. **Total funding that the contractor receives from the Department:** Is the amount or percentage of total funding small or large? Does the contractor have only a few contracts or several contracts with the state?
 2. **Multiple funding sources:** Is the contractor receiving funding from several sources for similar services? Are multiple funding sources involved and to what extent?
 3. **Collaboration:** Has the contractor established and promoted a collaborative relationship between itself and all its funded service providers?
 4. **Length of time in business:** Has the contractor been in business for several years or is it a new client service provider?
 5. **Experience and past performance:** Does the contractor have contracts for similar services with other governmental entities? How extensive is the contractor's experience with the state for the types of services being provided?
 6. **Accreditation/licensure:** Are contractors subject to accreditation or licensure requirements?
 7. **Financial health and practices:** Is the contractor's financial condition good or poor? Does the contractor demonstrate sound financial practices? Is the contractor's financial recordkeeping system adequate for the number and complexity of funding? Is the contractor's cost allocation methodology equitable?

**Chapter 1: DOEA Sponsored Programs: General Information, Planning Process & Aging Network,
Monitoring, and Program Reporting Requirements**

Monitoring

Risk-Based Monitoring Approach

-
8. **Current and prior audit experience:** Has the contractor had weaknesses in internal control over federal or state programs?
 9. **Oversight exercised by funding agencies:** Has there been monitoring or other reviews by any funding agency that could indicate the degree of risk? Is the contractor proposing to operate under a waiver from customary program and financial management requirements?
 10. **Board of Directors:** If the contractor is a nonprofit organization, does the board take an active role in directing the organization, establishing management and programmatic (accounting, fiscal, procurement, etc.) policies and procedures and monitoring the organization's financial and programmatic performance?
 11. **Subcontracting:** Does the contractor subcontract key activities? Does the contractor have an effective monitoring function to oversee these subcontracts?
 12. **Organizational changes:** Has there been frequent turnover of contractor management, senior accounting staff, or key program personnel? Has the contractor taken on new services within the last 12 months? Has the contractor experienced a recent rapid growth, or downsizing? Has the contractor experienced reorganization within the last 12 months? Has the contractor changed major subcontractors?
 13. **Management structure:** Is the organization centralized or decentralized? How much control does the organization have over decentralized functions?
 14. **Legal actions:** Have any lawsuits been filed against the contractor within the last 12 months? Has any employee, officer and/or board member been involved in or alleged to have been involved in any allegations of fraud or malfeasance?
 15. **Defaulted contracts:** Has the contractor defaulted on any of its contracts within the past five years? If so, what were the circumstances?
