GOVERNOR

## MEMORANDUM

**TO:** AAA Executive Directors      **NOTICE#:** 121213-1-T-PE

**FROM:** Charles T. Corley, Secretary

**DATE:** December 12, 2013

**SUBJECT:** Notice of Transmittal: 2014 Area Plan Program Module Update –  
Additional Targeting Data

---

The purpose of this Notice of Transmittal is to provide additional data for completing the Targeting Report in your 2014 Area Plan Program Module update.

The attached targeting data Excel workbook adds three worksheets to the original targeting file sent with Notice # 02813-1-I-PE. The additional worksheets address people age 60+ in rural areas and people age 60+ who are low-income with limited English proficiency (as a proxy for low-income minority individuals age 60+ with limited English proficiency). The new worksheets provide the data and backup for two cells in the 2012 Targeting Report previously lacking source data: the number of people 60+ who are rural and the number of people 60+ who are low-income, minority, and have limited English proficiency. The attached targeting data file, in combination with the County Profiles provided in the original notice and available on the Department's website, supplies the data needed to complete the 2012 Targeting Report.

Please contact your contract manager if you have questions in the preparation of your 2012 Targeting Report or other issues relating to the Area Plan Program Module update. Thank you for your cooperation.
