HARBORCHASE OF GAINESVILLE, LLC,
d/b/a HARBORCHASE OF GAINESVILLE,

Petitioner,

v.

CASE NO. _____

STATE OF FLORIDA,
DEPARTMENT OF ELDER AFFAIRS,

Respondent.

_____ /

**EMERGENCY PETITION FOR VARIANCE OF
RULE 58A-5.036, FLORIDA ADMINISTRATIVE CODE**

Pursuant to Section 120.542, Florida Statutes, and Rules 28-104.002 and 28-104.004, Florida Administrative Code, Petitioner (also referred to as "facility"), respectfully requests an emergency variance from Rule 58A-5.036, Florida Administrative Code ("the Rule"). In support of this request, Petitioner states:

Identification of Petitioner

1. The name, address, telephone number and fax number of the Petitioner's counsel are:

Mark Scimeca, Esquire
958 20th Place, 2nd Floor
Vero Beach, Florida 32960
Telephone: (772) 492-5002
Facsimile: (772) 492-5005

2. Petitioner is a 79 bed licensed assisted living facility located at 1415 Fort Clarke Boulevard, Gainesville, Alachua County, Florida 32606 (License No. 9815; AHCA File No. 11965444.)

Identification of the Agency

3. The name and address of the agency affected by this Petition is:

Department of Elder Affairs
4040 Esplanade Way, Ste. 315
Tallahassee, Florida 32399-7000
850.414.2000

Variance History of Petitioner

4. Petitioner, on October 3, 2018 and thereafter, filed a Petition and supporting documents for compliance with the Rule with the Department of Elder Affairs (“Department”) seeking either a permanent waiver or temporary variance from Rule 58A-5.036, Florida Administrative Code. Pursuant to a Final Order issued on January 15, 2019 in case Number DOEA-2018-0935, the Department granted the Petitioner’s request for a conditional temporary variance to June 1, 2019 to implement the Rule.

5. The Petitioner hereby incorporates and adopts the Petition and all supplemental materials filed in Case number DOEA-2018-0935 except for the overall request for a permanent waiver from the Rule and the anticipated construction completion date of June 1, 2019 outlined in paragraph #37.

6. Due to circumstances beyond the control of the Petitioner, a new implementation date of July 31, 2019 is requested as to its Emergency Power Plan.

7. On May 29, 2019, Petitioner was advised by Ring Power that it did not get the **F.S. 119.071(3)(a)2.b.** delivered correctly and they have to get another one manufactured, which could take about two weeks from May 29, 2019 (rough estimate). The Generator is ready to deliver, but installation cannot be completed without the **F.S. 119.071** being installed.

8.. In addition to all of the measures to ensure resident comfort and safety during an

extended power outage that were outlined in the DOEA-2018-0935 Petition that is adopted and incorporated by reference, and remain in place, the Petitioner has a Contingency Contract dated December 28, 2018 (Exhibit "A" hereto) **F.S. 119.071(3)(a)2.b.**

F.S. 119.071(3)(a)2.b.

F.S. 119.071(3)(a)2.b. will allow for the cooling of areas for residents to congregate that meet the safe indoor air temperature requirements of Rule 58A-5.036(1)(a), F.A.C., for a minimum of 96 hours. An extension of this contract is in the process of being executed.

11. Based upon the Department's adoption of the subject Rule and the above referenced Final Order in DOEA-2018-0935, the Petitioner must be in compliance with the Rule by June 1, 2019. This required Petitioner to have the plan approved by the Department, secure all other regulatory approvals, purchase new (or modify existing) generators, construct and install the generators, ensure it has fuel capacity to support the generator and develop written policies and procedures to ensure that the facility can effectively and immediately activate, operate and maintain the generators. As indicated above, the new generator for the community was shipped and is ready for delivery. However, because RingPower Corp. has determined that a new **F.S. 119.071(3)(a)2.b.** must be manufactured before installation can be completed, Petitioner's compliance with the Rule by June 1, 2019 is impossible. The securing of required permits and securing delivery of custom built generators, tanks, switches and related equipment was beyond the control of the Petitioner and the June 1, 2019 deadline is impossible to meet despite Petitioner's best efforts since the Department adopted the Rule. If Petitioner fails to

comply with the Rule, it is subject to fines, suspension of its license and revocation of its license thereby creating an emergency circumstance for the Petitioner.

WHEREFORE, Petitioner respectfully requests the entry of a final order granting a temporary conditional variance from Rule 58A-5.036, Florida Administrative Code, as set forth herein.

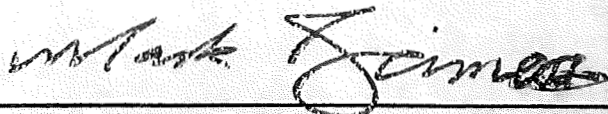

Respectfully submitted this 30th day of May, 2019.
